Celebrating 100 Years in 2020!**

Share your Story with AAUW

Dear AAUW Friends,

As we approach the 100th Anniversary of the founding of AAUW Sacramento, we're asking you to share your story regarding what happened at a particular time when you were involved in AAUW. Stories can be about events, people, or issues related to our branch and should be limited to one page if possible. Sharing your story will help bring alive the history of our branch and help educate our members and our community about the significant contributions of so many of our AAUW members and the issues they've supported over the years. We know many of you were involved in changing our city or state in positive ways. Some stories may even be about humorous incidents that have occurred over the years.

We ask that you fill out the information below, then share your story on the back of this page. We may need to contact you for further details about your experiences.

We plan to publish some stories in Capitol Ideas over the next two years, and we'll be creating a Branch History booklet for our branch celebration in 2020.
